

Nuno Felt

Liz Clay

Nuno Felt: techniques and inspiration for home interiors

Liz Clay gives clear instructions about how the nuno process works and demonstrates how it can be used on various fabrics and fibres to create very different and beautiful results. The book contains a wealth of projects and is filled with tips on surface embellishment, colour mixing, fibre blending and combining processes such as shibori and cutwork.

The result is a practical guide to making a wealth of beautiful and imaginative creations as well as a source of tips and methods for using this innovative felting technique.

Nuno Felt - published by A & C Black in December 2007

Excerpts from Book Review

The underlying strength and forces of seemingly fragile fibres belie the delicacy and honest relationship with her materials and her processes, which Clay achieves again and again in her work.

The book's layout is really clear. Key revelations appear in coloured boxes: materials, processes, comparative qualities, these will satisfy the expert feltmaker and inform the beginner.

Clay shares her innovation, integrity and hard won mastery in a great tradition of sharing which epitomises the global felting community.

Annie Sherburne, October 2007

Signed copies of the book are available from the author at £16.99 (plus £2 postage and packing within mainland UK). Email nunofelt@lizclay.co.uk or complete the form below. Please contact the author for payment by credit card, overseas orders or other enquiries.
